2000 EAST RECONSTRUCTION

FROM PARLEY'S CANYON BOULEVARD TO CITY LIMITS (2930 SOUTH)

MAY 29, 2020

UPCOMING WORK ACTIVITIES

- Crews are installing a new sewer line along the southwest area of the project limits, near the city boundary with Millcreek.
- A flagging operation is now in place to allow people to travel safely through this section of the project. This task is expected to be completed by June 15.
- Crews are concurrently excavating and trenching between 2700 South and Stratford Avenue to install new pipes and replace an aging water line. These activities are expected to continue until late-June.
- The new water line is expected to be operational by mid-July. This anticipated time frame includes time to test the new line and connect all lateral lines to it.

SAFETY

- Please follow the posted **25 mph** posted speed limit and instructions from flaggers and equipment operators on the field to help us maintain a safe construction zone.
- People biking can now use the regular travel lanes, so please remember to share the road.
- If you need additional information or special accommodations during these construction activities, please let us know using the contact information below.

**The project schedule is subject to change due to weather or unforeseen circumstances.*
