Description of the Proposed Project [24 CFR 50.12 & 58.32; 40 CFR 1508.25]:

Under regulations of 24 CFR 570.202 the Economic Development Facade Program, Neighborhood Building Improvement Program (NBIP) is intended to revitalize neighborhood commercial areas, enhance the livability of adjacent communities, and support local businesses. Funding for the 2020-2021 program year is directed towards areas determined by the City's 5 year Consolidated Plan, potentially including the Poplar Grove and Central City/Central Ninth target areas, specifically the community, recreation, and neighborhood nodes. The program provides up to \$25,000 for a single eligible project. 58.35 (a)(3) requirements for non residential buildings will be met per project, (A) The facilities and improvements are in place and will not be changed in size or capacity by more than 20 percent; and (B) The activity does not involve a change in land use, such as from nonresidential to residential, commercial to industrial, or from one industrial use to another. All of the local business requesting aid must be in the Salt Lake City CDBG target area, identified in the 2020-2024 Consolidated Plan. This area encompasses 300 North to 2100 South, from Redwood Road (1700 West), to certain parts of the map, 300 East.

Maps, photographs, and other documentation of project location and description:

Approximate size of the project area: 1 square mile

Length of time covered by this review: 5 Years

Maximum number of dwelling units or lots addressed by this tiered review:
120

Level of Environmental Review Determination:

Categorically Excluded per 24 CFR 58.35(a), and subject to laws and authorities at §58.5: 58.35(a)(3)

Determination:

	Extraordinary circumstances exist and this project may result in significant environmental impact. This project requires preparation of an Environmental Assessment (EA); OR
✓	There are no extraordinary circumstances which would require completion of an EA, and this project may remain CEST.

Funding Information

Grant Number	HUD Program	Program Name
B-20-MC-49-0004	Community Planning and Development (CPD)	Community Development Block Grants (CDBG) (Entitlement)

Estimated Total HUD Funded Amount: \$2,130,000.00

Estimated Total Project Cost [24 CFR 58.2 (a) (5)]: \$2,130,000.00

Compliance with 24 CFR §50.4, §58.5 and §58.6 Laws and Authorities

Compliance Factors: Statutes, Executive Orders, and Regulations listed at 24 CFR §50.4, §58.5, and §58.6	Was compliance achieved at the broad level of review?	Describe here compliance determinations made at the broad level and source documentation.
STATUTES, EXECUTIVE ORDERS, AND REGULATIONS LISTED AT 24 CFR §50.4 & § 58.6		
Airport Hazards	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Coastal Barrier Resources Act	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	There are no coastal barrier locations in Salt Lake City.
Flood Insurance	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
STATUTES, EXECUTIVE ORDERS, AND REGULATIONS LISTED AT 24 CFR §50.4 & § 58.5		
Air Quality	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	This project does not impact air quality. There is no heavy construction being completed with this project.
Coastal Zone Management Act	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	No coastal zones are in Salt Lake City. There is no information in the NOAA website related to Coastal Zone Management.
Contamination and Toxic Substances	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Endangered Species Act	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	No effect on any endangered species in Salt Lake City. The program is used to assist commercial business renovate

		already established and constructed buildings. There is no destruction or removal of currently vacant or undeveloped land.
Explosive and Flammable Hazards	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Farmlands Protection	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Farmlands Protections does not apply for this commercial renovation program. All units that will be assisted with a grant are already constructed and in an urban county and city.
Floodplain Management	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Historic Preservation	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Noise Abatement and Control	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
Sole Source Aquifers	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Sole Source Aquifers does not apply due to the fact that this program does not involve heavy construction or conversion.
Wetlands Protection	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Wetlands protection does not apply to the commercial renovation program. The program falls under 24 CFR 570.202.
Wild and Scenic Rivers Act	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	There are no wild or scenic rivers in Salt Lake City where the program is located.
ENVIRONMENTAL JUSTICE		
Environmental Justice	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	All assisted units must complete an habitability inspection as well as a lead based paint inspection to ensure that the business is in operable condition for the public. The other environmental factors that are not broadly achieved will check whether the area has noise, contamination, floodplains, and other hazards that may disproportionately effect people of certain race, color, national origin, and low income. All business applying for the program must be committed to serving low to moderate income populations.

Written Strategies

The following strategies provide the policy, standard, or process to be followed in the site-specific review for each law, authority, and factor that will require completion of a site-specific review.

1	<p>Airport Hazards</p> <p>To ensure that airport hazards are cleared and completed before payment assistance can be made the subrecipient, the agency submits a request for the PJ, Salt Lake City, to complete a site-specific environmental review. That will include the location of the business in process, to ensure that it is outside of 15,000 feet of a military airport and/or 2,500 feet of a civilian airport. The PJ will also attach the noise map of the area. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.</p>
2	<p>Flood Insurance</p> <p>To ensure that Flood Insurance is cleared and completed before payment assistance can be made the subrecipient submits a request for the PJ, Salt Lake City, to complete a site-specific environmental review. The site-specific review includes the flood zone map to determine that the business does not require flood insurance or is excepted from flood insurance. The flood maps that will be attached are the FEMA Flood Insurance Rate Map (FIRM). All projects must be in a safe area on the flood map to receive SLC CDBG assistance. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.</p>
3	<p>Contamination and Toxic Substances</p> <p>To ensure that Contamination and Toxic Substances is cleared and completed before payment assistance can be made the subrecipient submits a request for the PJ, Salt Lake City, to complete a site-specific environmental review. That will include evidence that the site is not contaminated by attaching a NEPA Map that notates all the potential contaminates around the business. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.</p>
4	<p>Explosive and Flammable Hazards</p>

	To ensure that Flood Insurance is cleared and completed before payment assistance can be made the subrecipient submits a request for the PJ, Salt Lake City, to complete a site-specific environmental review. The site-specific review includes the flood zone map to determine that the business does not require flood insurance or is excepted from flood insurance. The flood maps that will be attached are the FEMA Flood Insurance Rate Map (FIRM). All projects must be in a safe area on the flood map to receive SLC CDBG assistance. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.
5	Floodplain Management
	To ensure that Contamination and Toxic Substances is cleared and completed before payment assistance can be made the subrecipient submits a request for the PJ, Salt Lake City, to complete a site-specific environmental review. That will include evidence that the site is not contaminated by attaching a NEPA Map that notates all the potential contaminates around the business. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.
6	Historic Preservation
	To ensure that Explosive and Flammable Hazards is cleared and completed before payment assistance can be made the subrecipient submits a request for the PJ, Salt Lake City, to complete a site-specific environmental review. That will include evidence that the site is not within the required distance of storage tanks as required by HUD, 24 CFR Part 51 Subpart C, by attaching a NEPA Map that notates all the potential hazards around the business. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.
7	Noise Abatement and Control
	To ensure that Floodplain Management is cleared and completed before payment assistance can be made the subrecipient, the agency shall submit a request for the PJ, Salt Lake City, to complete a site-specific environmental review. This site review includes the FIRM around the specific business receiving funding, to confirm that the business is not on the floodplain and that mitigation is not required. All projects must be in a safe area on the flood map to receive SLC CDBG assistance. This will be assessed by Salt Lake City staff when any request for CDBG funding is requested for any property in Salt Lake City.
