Tier 2 Site Specific Review: *The site specific reviews will cover the following laws and authorities not addressed in the Tier 1 broad review: Airport Hazards, Contamination and Toxic Substances, Explosive and Flammable Hazards, Floodplain Management, Historic Preservation, and Noise Abatement and Control.*

Mitigation Measures/Conditions/Permits (if any): *There is currently no mitigation needed. Each Tier 2 Site Specific Review will be assessed using a Site-Specific Form and utilizing the HUD requirements for review.*

1. Flood Insurance

A site-specific review of each structure will be undertaken upon identification of actual projects to assure that no work will be done in a floodplain or floodway identified by FEMA-Issued Flood Insurance Rate Maps (FIRMs). CDBG funds will not be used for rehab of structure located in a Special Flood Hazard Area (SFHA) unless there is flood insurance for the property. Verification of insurance will be required before CDBG funds are used if the property is in a SFHA.

2. Contamination of Toxic Substances and Other Hazards

Site specific reviews will utilize the EPA mapping program NEPAassist, along with visual inspections to identify any contamination issues. If contamination issues are present, the city will determine if the project can be made compliant or if the project cannot proceed.

3. Endangered Species

A site-specific review of each structure will be undertaken upon identification of actual projects to assure that there will be no impact to a proposed or listed threatened or endangered species or destroy or adversely modify designated or critical habitat.

4. Historic Preservation.

A site specific review of each structure will utilize the Salt Lake County Assessors map to identify properties that are 50 years old or more. Properties that are 50 years or more in age will utilize the State Historic Preservation Office's (SHPO) agreement with Salt Lake City to determine if the project can proceed, or if the project will need a SHPO approval before construction/repairs occur.

5. Noise

A site specific review of each structure will determine if the location is in a safe dB zone for the residents. This will be reviewed by monitoring the National Transportation Noise Map and Salt Lake County noise ordinance level map.

Any issues will be addressed with the subgrantee before assistance is released. There are no conditions or permits needed for this program.

Estimated Total HUD Funded, Assisted, or Insured Amount: \$100,000

Estimated Project Cost: \$ 2,325,000

The activity/activities proposed are categorically excluded under HUD regulations at 24 CFR Part 58 from National Environmental Policy Act (NEPA) requirements per 24 CFR Part 58.35(a)(3), 24 CFR Part 58.35 (6)(5).
