

## Hello, friends.

ICYMI: It's an amazing time to be a Salt Laker! Just a few weeks ago, the SLC-UT 2034 delegation shared a powerful vision to host the 2034 Winter Olympic and Paralympic Games, and we struck GOLD!

## 2034 Winter Olympics & Paralympics

Salt Lake City is seizing this incredible moment to host the world again. We will continue to lead by example, modeling what it means to be a City prioritizing sustainability, community, and opportunity.

[Hosting the 2034 Games](#) honors our legacy from 2002, amplifies our love of winter sport, and will accelerate our City's great ambitions. The Games are a powerful conduit for unity and connection, strengthening the fabric of our world through competition and friendship. Salt Lake City is a champion of these ideals—they are central to our function and design.

## From Paris to Washington Square

Pride and excitement filled my heart as I connected with residents in attendance at Salt Lake City's watch party at Washington Square Park on Pioneer Day. Thank you for being a part of this special moment.

## What's next?

What's next? In the coming decade, we will continue to elevate our City by investing in community and unlocking our full potential. Because we have maintained our 2002 legacy venues over the years, new infrastructure isn't needed for SLC-UT to host the 2034 Games. I am hopeful the Games will be a catalyst for some of the City's priorities, including the development of more affordable housing, mass transit, the Green Loop, and more. Stay tuned!
