

URBAN DESIGN UTAH

2022 LEGACY AWARD

On behalf of Urban Design Utah, we are pleased to present you with this Legacy Award in recognition of excellence and achievement in urban design. Interested parties from the Utah Chapters of The American Institute of Architects, The American Planning Association, The American Society of Landscape Architects, The Urban Land Institute, and The Congress of the New Urbanism have come together to form a professional interest community known as Urban Design Utah. Each year projects across the State of Utah are chosen by this group to illustrate positive urban design principles, achievements and impacts which are important for our regions and communities, departments and agencies, and urban design professionals to learn. Your project embodies many of these valuable lessons.

This is a prestigious statewide award within the professional urban design community and is the highest urban design award presented in the State of Utah. It is not a designer's award, but rather an award recognizing a project or place, and the collective accomplishments of all those who have contributed to its success, often over many years or even decades.

The award recognizes efforts that have excelled in vibrant placemaking through urban design, programming and community building. You are joining a short list of celebrated past recipients including:

9th & 9th Business District, SLC
Center Street, Provo
Main Street, Park City
Main Street, Brigham City
Holladay Village and Plaza
Town Square Park, St. George

Plat of Zion & Salt Lake City
City Creek Park - Memorial Grove, SLC
Legacy Parkway Trail
Broadway & 300 South, SLC
25th Street, Ogden
Salt Lake Downtown Farmers Market

We recognize that the creation of successful communities, neighborhoods, gathering spaces, programs, etc. are the result of many individual, community and institutional contributions over decades. We hope you will invite and include others in celebrating this special recognition of your achievement. Congratulations!
