

Division of Purchasing and Contract Management Supplier Newsletter

Volume 1 Issue 1 - February 2025

The Division of Purchasing & Contract Management has switched to Bonfire from Jaggaer (SciQuest) to post its solicitations.

The Division of Purchasing and Contract Management utilizes the Utah Public Procurement Place (U3P) to post its solicitations (Request for Proposals, Request for Bids, and Requests for Information). For at least 30 days, the Division of Purchasing will post a notice in Jaggaer (SciQuest) that a new solicitation has been posted in Bonfire. Questions and responses to solicitations must be made through Bonfire.

Information on how to register and respond to solicitations through Bonfire is posted on the State of Utah Division of Purchasing [website](#).

If you need support, please email support@goonfire.com.

Registration as a supplier on U3P does not pre-qualify the supplier or guarantee notification or receipt of a solicitation. It is the responsibility of the supplier to check the notices posted on U3P.

2025 CALENDAR OF EVENTS
