

2023-2024 SALT LAKE COUNTY WINTER OVERFLOW FACT SHEET FOR COMMUNITY

As more people experiencing homelessness seek shelter during colder weather, additional beds are needed to help the most vulnerable during the 2023-2024 winter season.

THE SALT LAKE VALLEY Coalition to End Homelessness plans to provide over 600 beds for Utahns experiencing homelessness. With the collaboration of local, county, and state governments, winter overflow operations began on October 16, 2023.

Intake

All intake and bed assignments will occur at each location.

Meals

Three meals a day will be provided at all 24/7 dedicated winter response locations.

Locations:

- **175** additional beds between the three Homeless Resource Centers
- **170** beds at the West Valley Winter Response Site
- **65** beds at St.Vincent de Paul
- **50** beds dedicated for homelessness at the Volunteers of America "Recovery on Redwood"
- **165** beds at the Medically Vulnerable People Interim Housing Program in Sandy (estimated to open December/January)

SAFETY AND SECURITY

All locations will have on-site security. Salt Lake City, South Salt Lake City, and West Valley City received funding through Utah's Office of Homeless Services to fund public safety efforts and operational support to mitigate community impact.
