

January 29, 2019

Dear Dennis Faris,

During the 2019 road construction season, the Salt Lake City Engineering Division will be conducting two street reconstruction projects within the Poplar Grove Community. The first project will be on [700 South](#) from 5600 West to 5000 West, and the second will be on [Post Street and 1000 West](#) between 700 South and 800 South; as shown on the maps below. In this letter I have included:

1. The anticipated schedules for both projects:
 - **700 South:** April – December 2019
 - **Post Street & 1000 West:** April – July 2019
2. A map indicating the project locations
3. A request to attend a community council meeting

700 South: from 5600 W. to 5000 W.

Post St. & 1000 West: from 700 S. to 800 S.

According to City Ordinance 2.60.050, the Poplar Grove Community Council, a recognized community organization, can provide comments on these upcoming projects. Door-to-door updates will be provided to nearby residents and businesses as they near construction.

The project teams will also hold meet-the-contractor get-togethers before the projects begin at yet to be determined dates and locations. Anticipated construction schedules are subject to change due to weather or unforeseen circumstances. Please feel free to contact me at any time.

Thank you,

Adan Carrillo, Civic Engagement Specialist
