

1300 EAST CONSTRUCTION UPDATE

MAY 17, 2019

Upcoming Work Activities

- Crews plan to begin asphalt removal between 2100 South and 1700 South on Friday, May 17. This activity is expected to last two or three days.
- Removal of the concrete layer of the roadway (under the existing asphalt) is expected to start on Monday, May 20. This process will take up to two weeks to complete.
- Curb and gutter will be removed concurrently with the concrete layer of the road. Resident driveway approaches will be left intact until the time comes to replace them.
- Crews will be working on lowering utilities for the next three to four weeks. Storm drain installation will take place intermittently throughout the closed section of 1300 East, as well as across the 2100 South/1300 East intersection. Intersection work will take place mainly at night.

Traffic Alerts

- 1300 East: 2100 South to 1700 South is now **CLOSED** to all-through traffic. Suggested detour routes include: 2100 South, 1300 South, and 800 South/Sunnyside Avenue to Foothill Drive, State Street, or 700 East.
- Please be alert as motorists get familiar with the new traffic pattern.

Safety

- We remind all residents accessing their homes in the closed corridor to drive slowly through the work zone and to exercise extreme caution. Please be attentive to the changing situations. This is an active construction zone and you will be subject to heavy equipment, construction traffic, and changing conditions through the life of the project.
- Motorists are reminded to watch out for trucks entering and leaving the work zone.
- Pedestrians are still permitted in the work area on the sidewalks, but please remember that this is an active construction zone. Please only cross the work zone at existing road crossing locations. Always make eye contact with equipment operators before proceeding into the area to ensure that they see you.

**Schedule is subject to change due to weather or unforeseen circumstances.*
