

2000 EAST CONSTRUCTION UPDATE- MAY 11

UPCOMING WORK ACTIVITIES

- Crews with Geneva Construction are now installing a new storm drain system along the north west side of the street, just south of Parleys Canyon Boulevard. This task is expected to be completed by early-June.
- Excavation activities will begin in late-May throughout the project limits, but no road closures are anticipated at this point.
- An intermittent flagging operation is now in place to allow the delivery of equipment and materials to this area of the project site.
- The speed limit through the work zone is **25 mph**, and fines will double if you're cited for speeding.

SAFETY

- People biking can now use the regular travel lanes, so please remember to share the road.
- There is a temporary construction detour in place for people walking along the east side of the street, between Parleys Canyon Boulevard and Stratford Avenue.
- If you need special accommodations or have other needs, please let us know using the contact information below.

**The project schedule is subject to change due to weather or unforeseen circumstances.*
