

# 1300 EAST CONSTRUCTION UPDATE

JUNE 12, 2020

## Upcoming Work Activities:

- Excavation activities will continue along the **east** side of the roadway through the end of next week.
- Crews were able to obtain storm drain pipe earlier than expected. The pipe will be delivered on-site throughout the week next week, and crews will begin installing it on June 22. This installation will begin at 1700 South, and move northward. This process will take about three weeks to complete.
- After all of the storm drain pipe is in place, crews will begin to place granular borrow along the east side of the road. Granular borrow is the first section of the new road that will be installed.
- Fiber line installation is underway, and will continue through early July.

## Traffic Alerts:

- 1300 East: 1700 South to 1300 South is now **CLOSED** to all-through traffic. Suggested detour routes include: 2100 South, 1300 South, and 800 South/Sunnyside Avenue to Foothill Drive, State Street, or 700 East.

## Safety:

- We remind residents accessing their homes in the closed area of 1300 East to drive slowly through the work zone and to use caution. Remember, **ONLY SOUTHBOUND** traffic is allowed from 1300 South to 1700 South. Please be attentive to the changing work zone conditions.
- We want to remind people traveling on the sidewalks to **cross the street at designated crossing areas only** to avoid hazards in the construction zone, and to make eye contact with equipment operators so they know you are there.
- During construction, drivers are reminded to watch out for trucks entering and leaving the work zone, and to follow directions from flaggers on-site assisting with the safe flow of traffic.

*\*Schedule is subject to change due to weather or other unforeseen circumstances.*
