

1300 EAST CONSTRUCTION UPDATE

SEPTEMBER 25, 2020

Upcoming Work Activities:

- Asphalt paving is underway, and is expected to reach completion by mid-afternoon on Saturday, September 26.
- Crews will resume the process of replacing driveway approaches and sidewalk panels on both sides of the roadway on Monday, September 28. They have about three more weeks of work to complete this item.
 - *We remind residents and pedestrians to not walk or drive on newly-poured concrete, as it requires several days of cure time.*
- Near the end of next week, crews will grind sections of the new asphalt, to remove bumps and ridges where needed. Grinding improves the smoothness of the road.
- On Friday and Saturday night, October 2 and 3, crews will be working to remove and replace the asphalt in the 2100 South/1300 East intersection.

Traffic Alerts

- To accommodate work in the **2100 South/1300 East intersection**, traffic movements through the intersection will be very limited or closed completely from **9 p.m. to 7 a.m. nightly from Friday night, October 2, through Sunday morning, October 4.**
- 1300 East: 1700 South to 1300 South **REMAINS CLOSED to all through traffic AT ALL TIMES.** Suggested detour routes include: 2100 South, 1300 South, and 800 South/Sunnyside Avenue to Foothill Drive, State Street, or 700 East.

Safety:

- We remind residents accessing their homes in the closed area of 1300 East to drive **slowly** through the work zone and to use caution. Please make eye contact with operators before passing any equipment. This will help ensure that you are safe and clear to pass. Also, please mind the flaggers that are assisting with the safe flow of traffic.
- Pedestrians walking through the construction zone are reminded that even though the road is closed to the public, residential traffic and construction vehicles are still actively driving in the area. For your safety, **please only cross the road at designated crossing areas.**
- *Pedestrian routes through the area are changing often.* Please pay attention to signs marking where sidewalks are closed, and where you should be walking.
- Motorists are reminded to watch out for trucks entering and leaving the work zone.

**Schedule is subject to change due to weather or other unforeseen circumstances.*
