Dear Members of the CDCIP Board,

I am the MANAGER of HUBSPOKE DINER a business or organization in the vicinity of the McClelland Trail neighborhood and I offer our support to the "McClelland Trail Neighborhood-Wide Traffic Calming and Garden Feature" CIP Application.

This letter offers my statement of support for traffic calming amenities – for example, concrete planters- that will enhance safety and user experience of those residing in the McClelland Trail neighborhood and also of those using the Trail.

The project will be a tremendous asset to our neighborhood and surrounding neighborhoods that use the McClelland trail on bike and foot. In addition to changes to the streets themselves (e.g. calmer traffic, safer spaces for walking and bicycling) the project will also aid in the usability of the McClelland Trail generally which aids in food and cyclist traffic to our business.

We support the "McClelland Shared Street Improvements" project for funding through the Capital Improvement Project process, and sincerely hope you will give this project your full consideration.
