STUDY AREA

# Life on State 2018

## Downtown SLC to 3300 South

### Goals:

- Improve Safety and Security
- Improve Identity of Place
- Expand Connectivity
- Optimize Mobility
- Drive Economic Prosperity
- Support Equitable Living Opportunities
- Encourage Healthy & Sustainable Design

## ABOUT THE PROJECT

- State Street has a rich history – the “soul” of Salt Lake City
- State Street has been met with a number of challenges over time
- Moving from planning to implementation

## A Signature Street Is

FUN

IMPORTANT

MEMORABLE

PROSPEROUS

GREEN

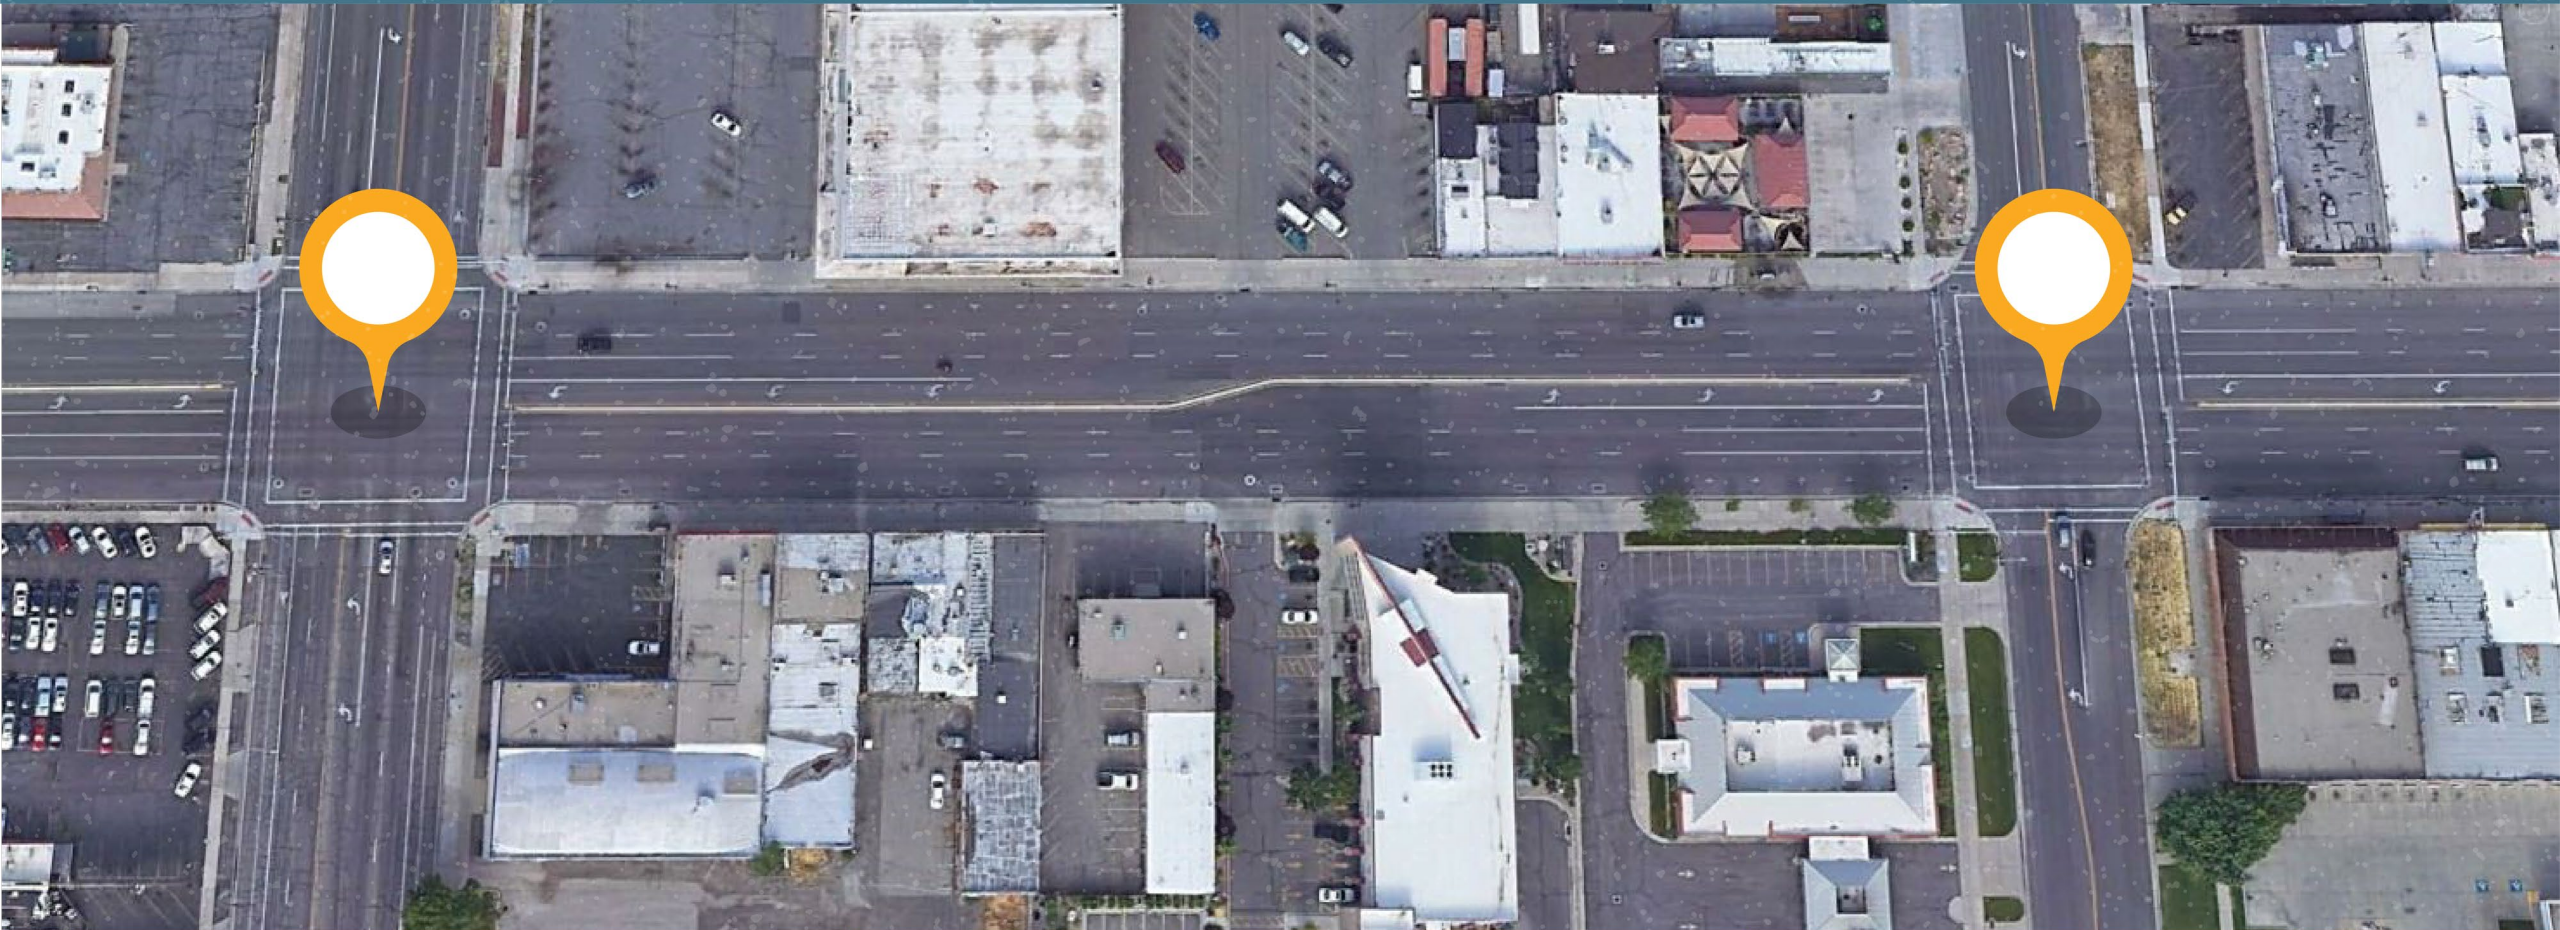

FULL OF PEOPLE

CONNECTED

## PROPOSED IMPROVEMENTS

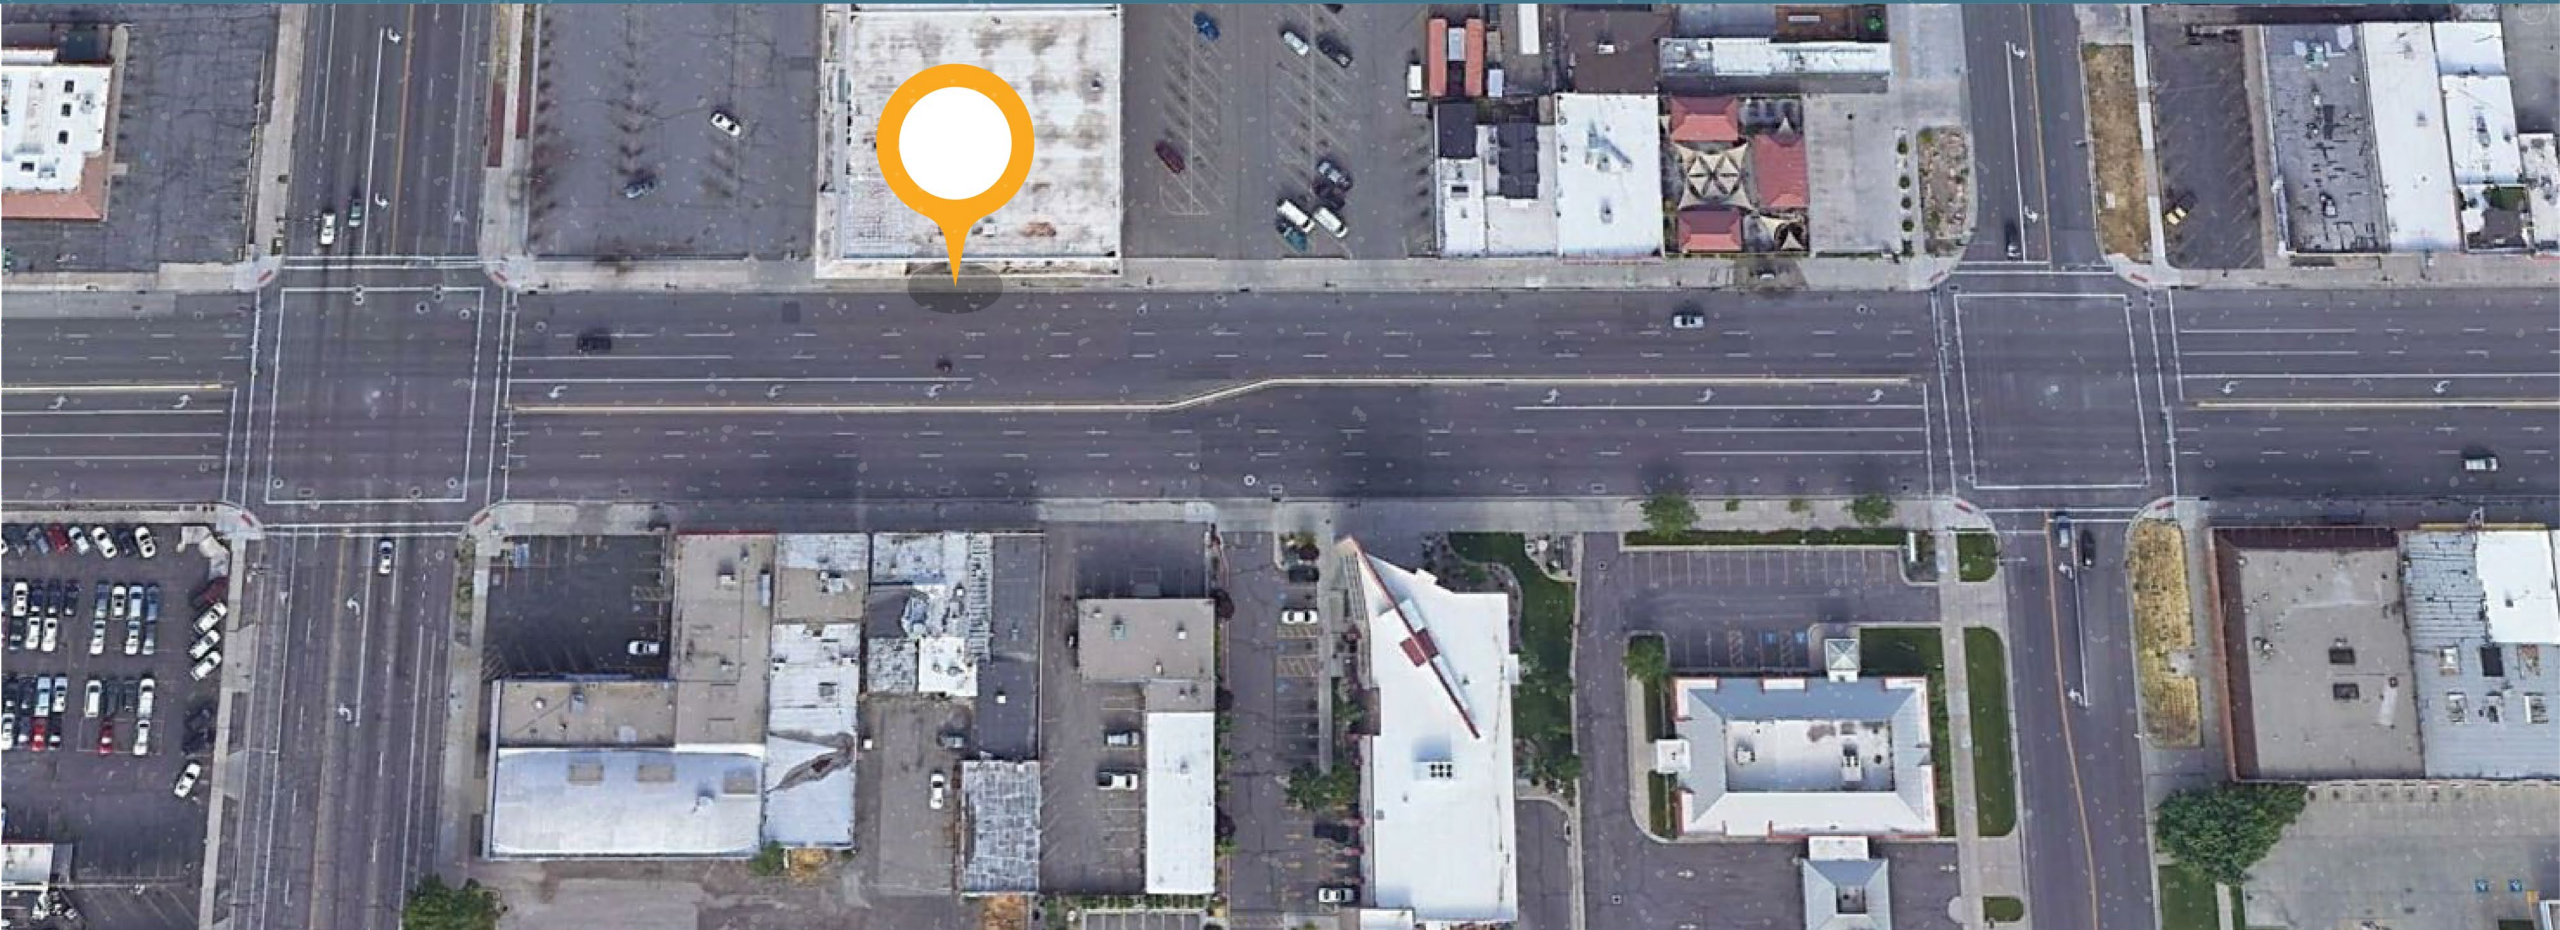

Improved intersection crossings and curb bulb-outs at intersections to increase pedestrian visibility, and reduce crossing widths.

## PROPOSED IMPROVEMENTS

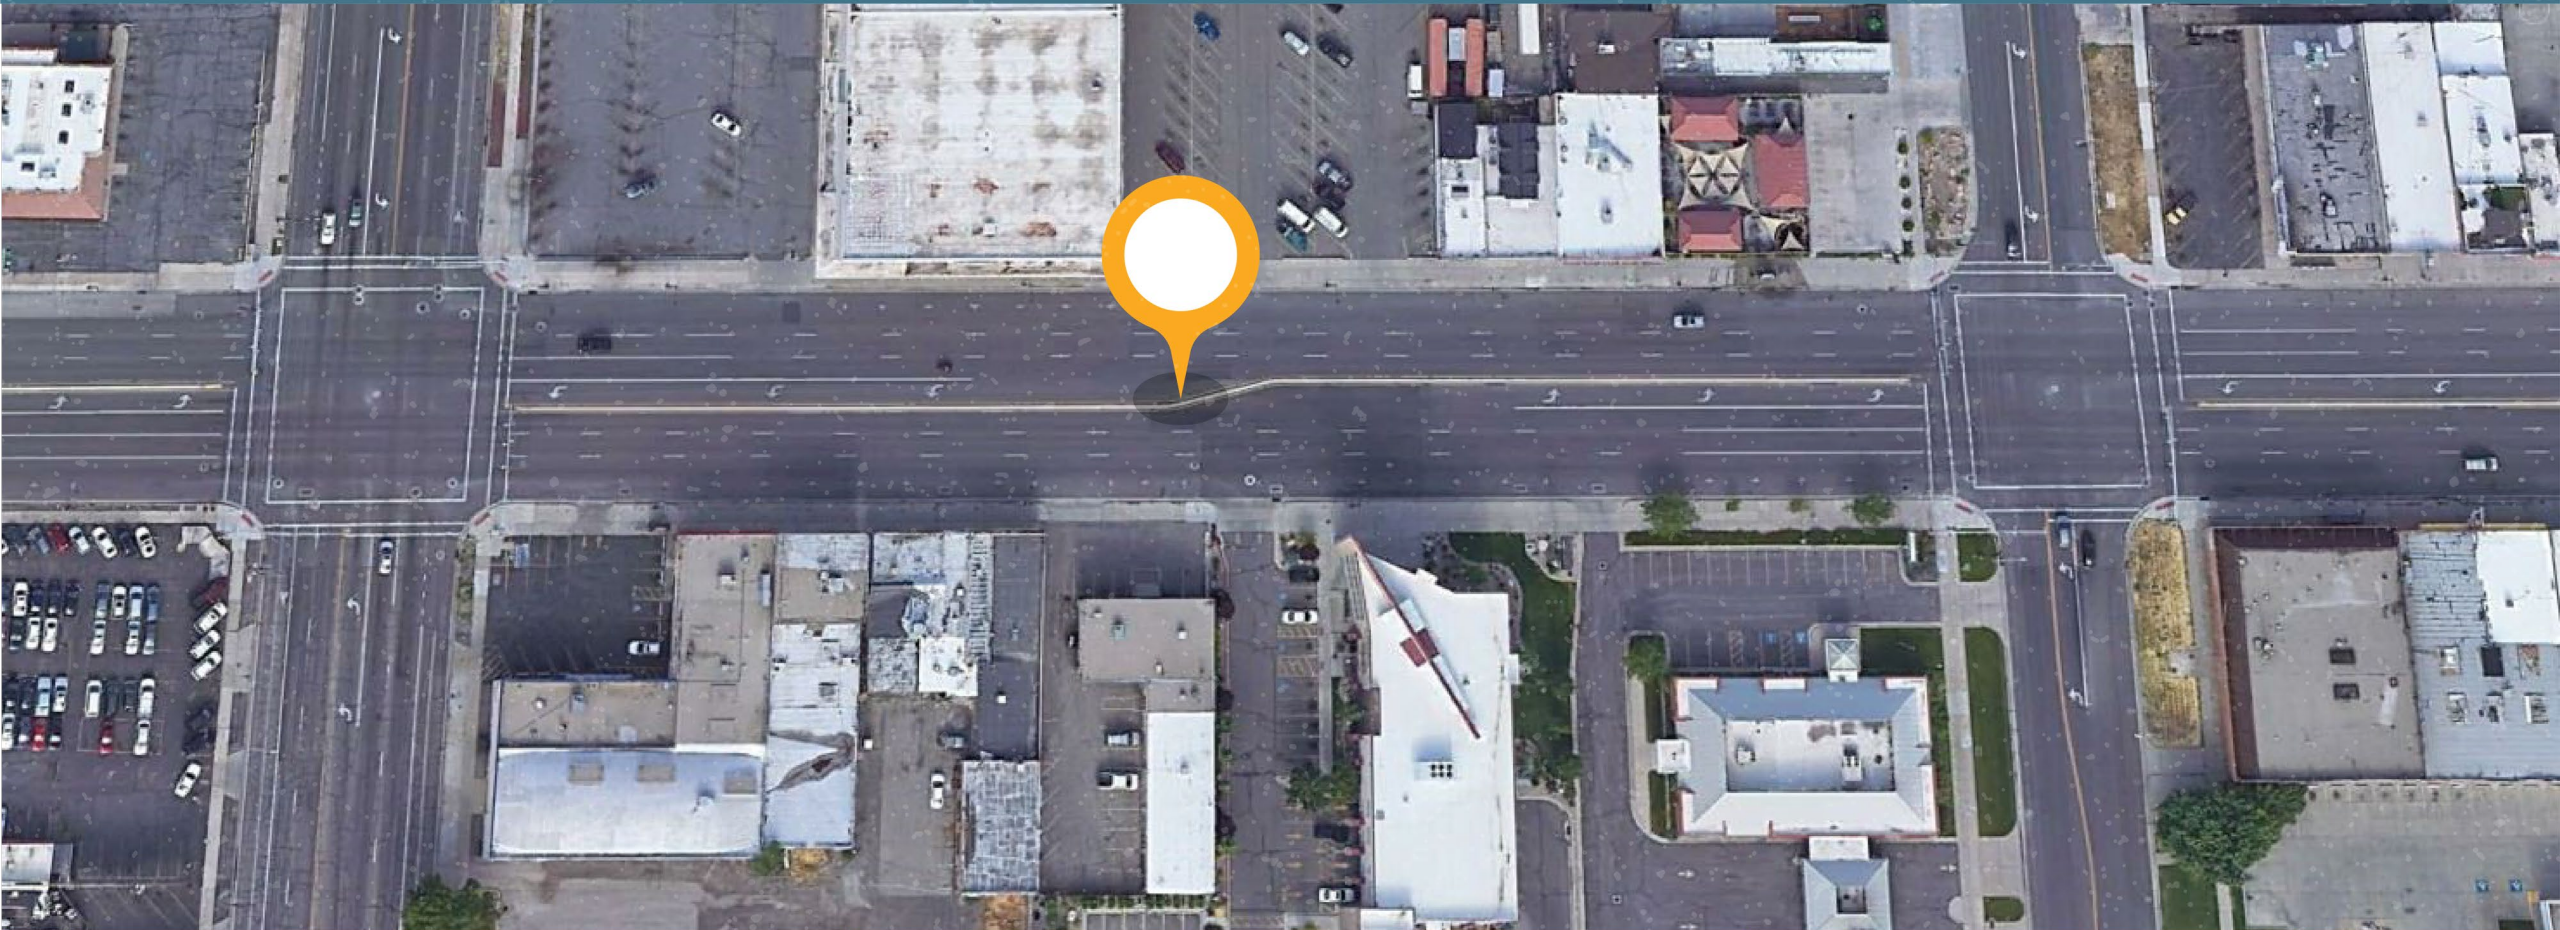

Increased pedestrian space for outdoor dining, landscaping, art and other amenities.

# PROPOSED IMPROVEMENTS

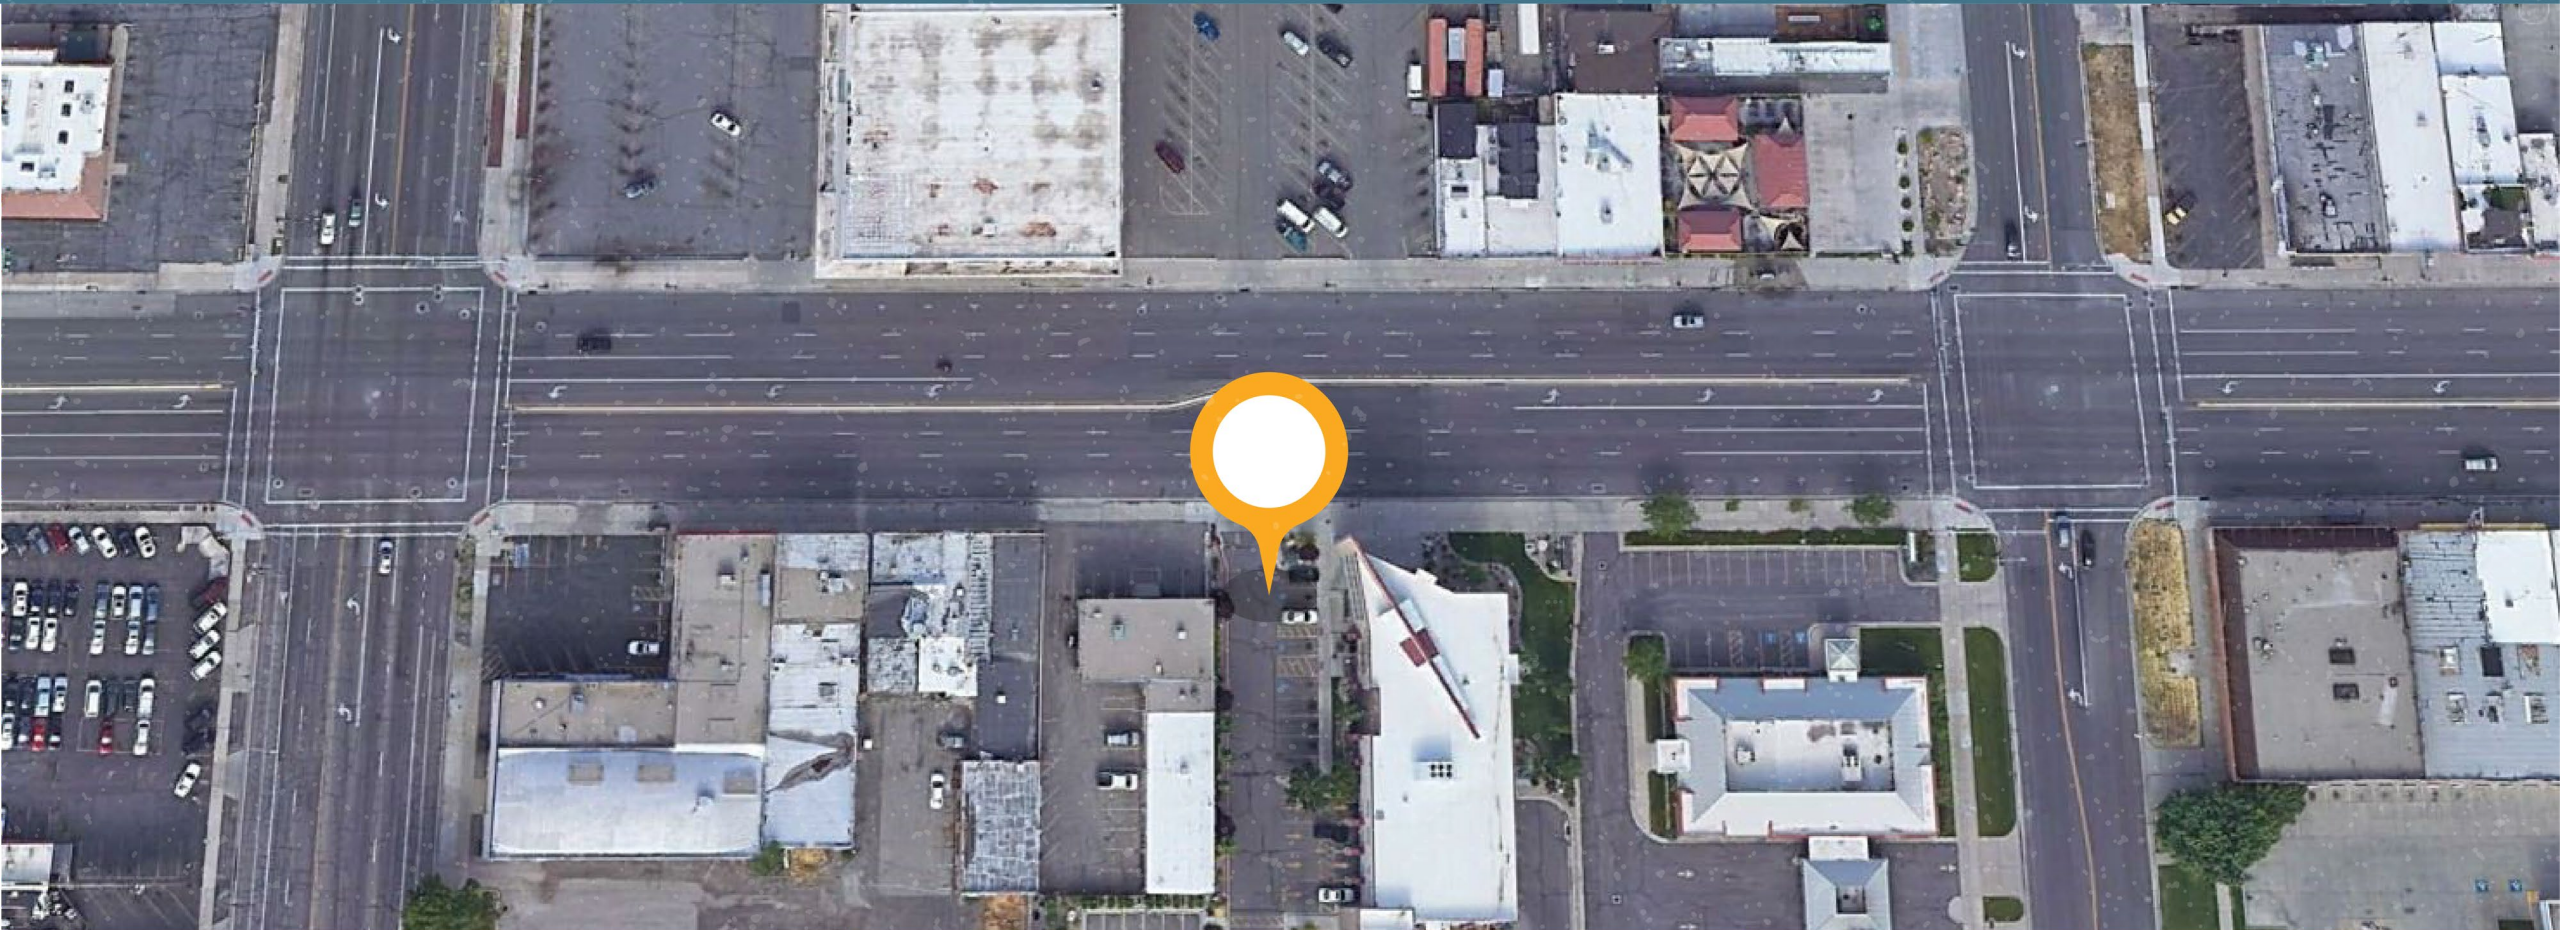

Signalized mid-block crossings.

## PROPOSED IMPROVEMENTS

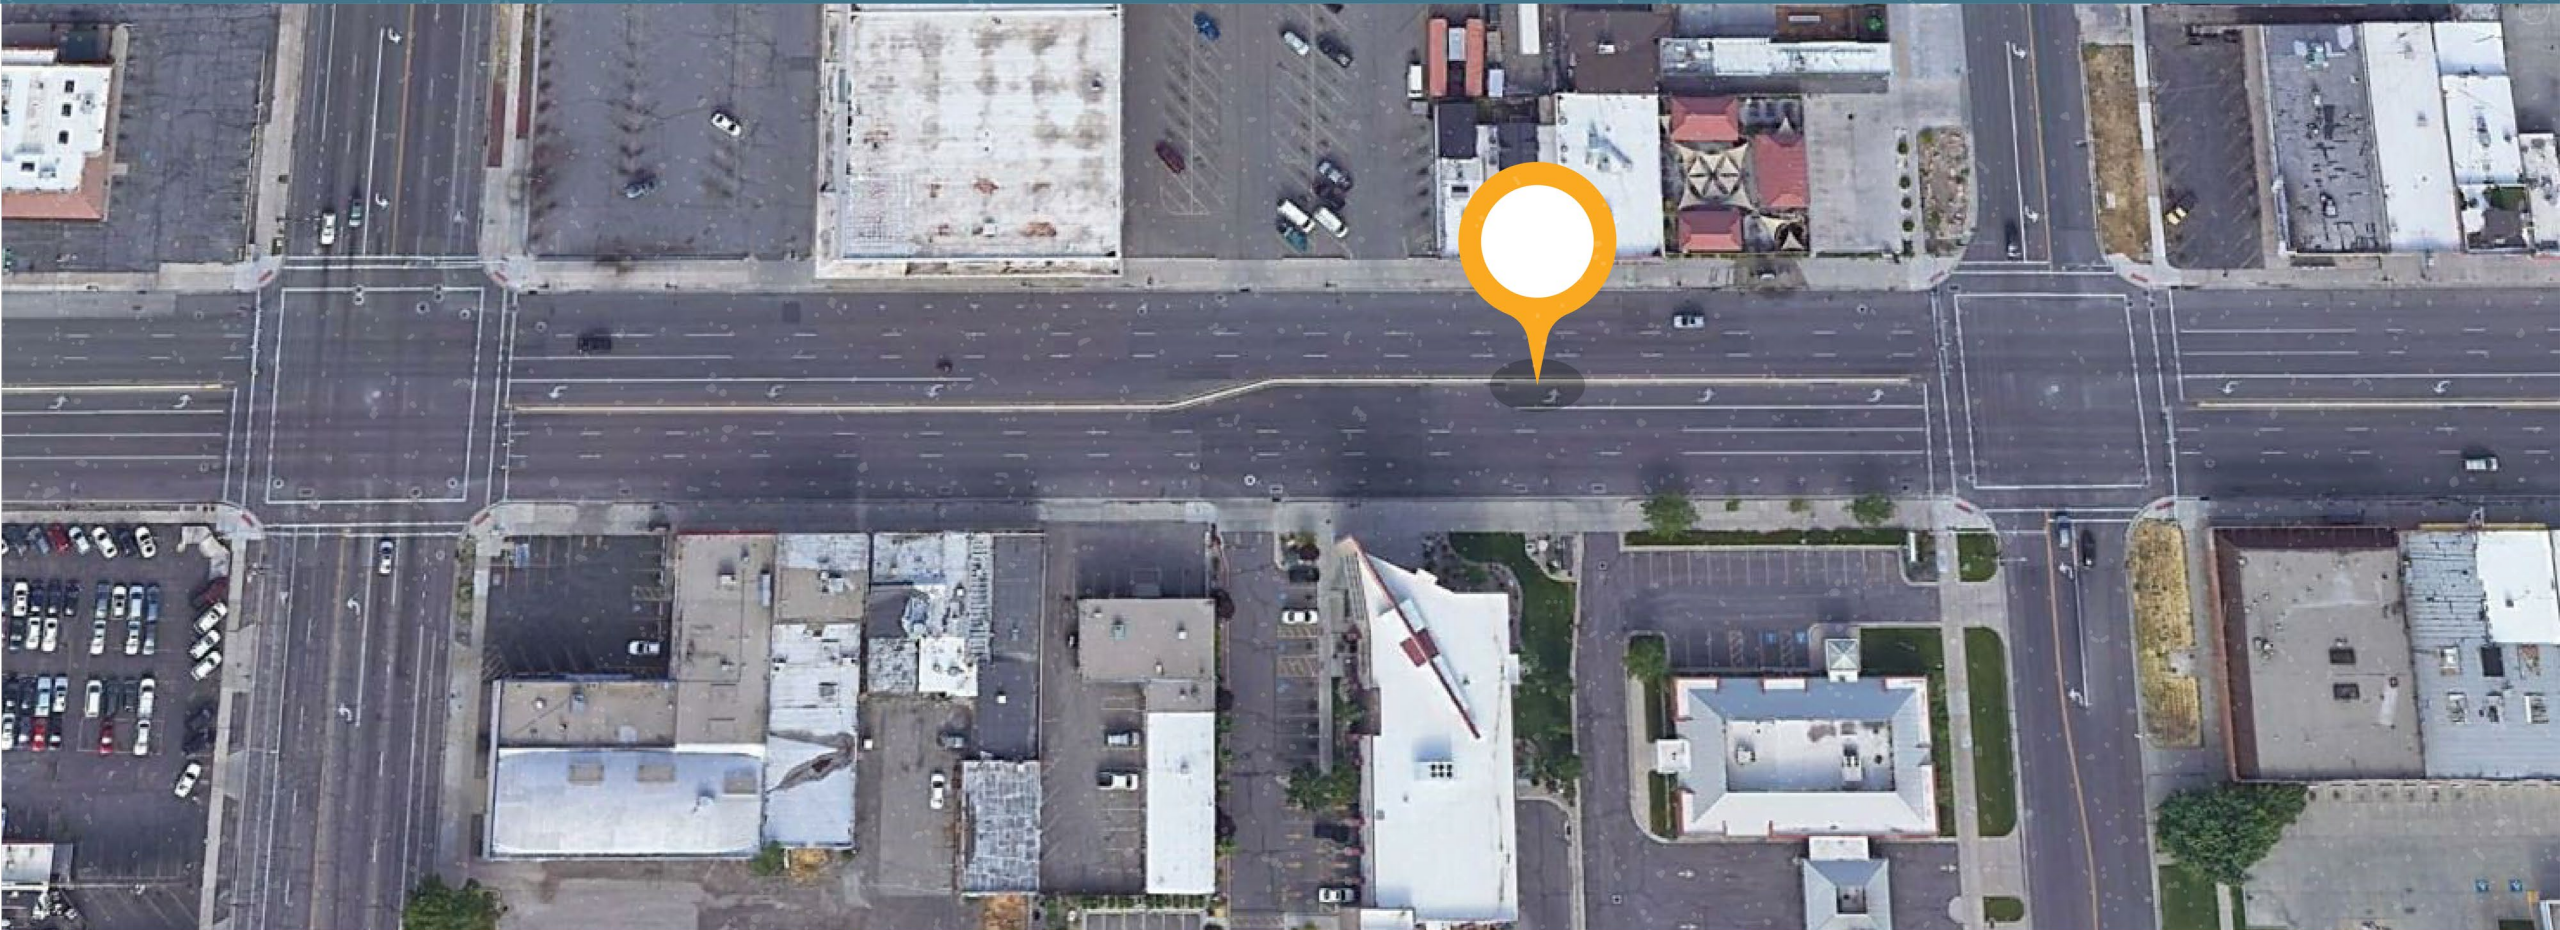

Parking analysis to find the balance between on-street parking needs and where additional pedestrian space can be obtained.

## PROPOSED IMPROVEMENTS

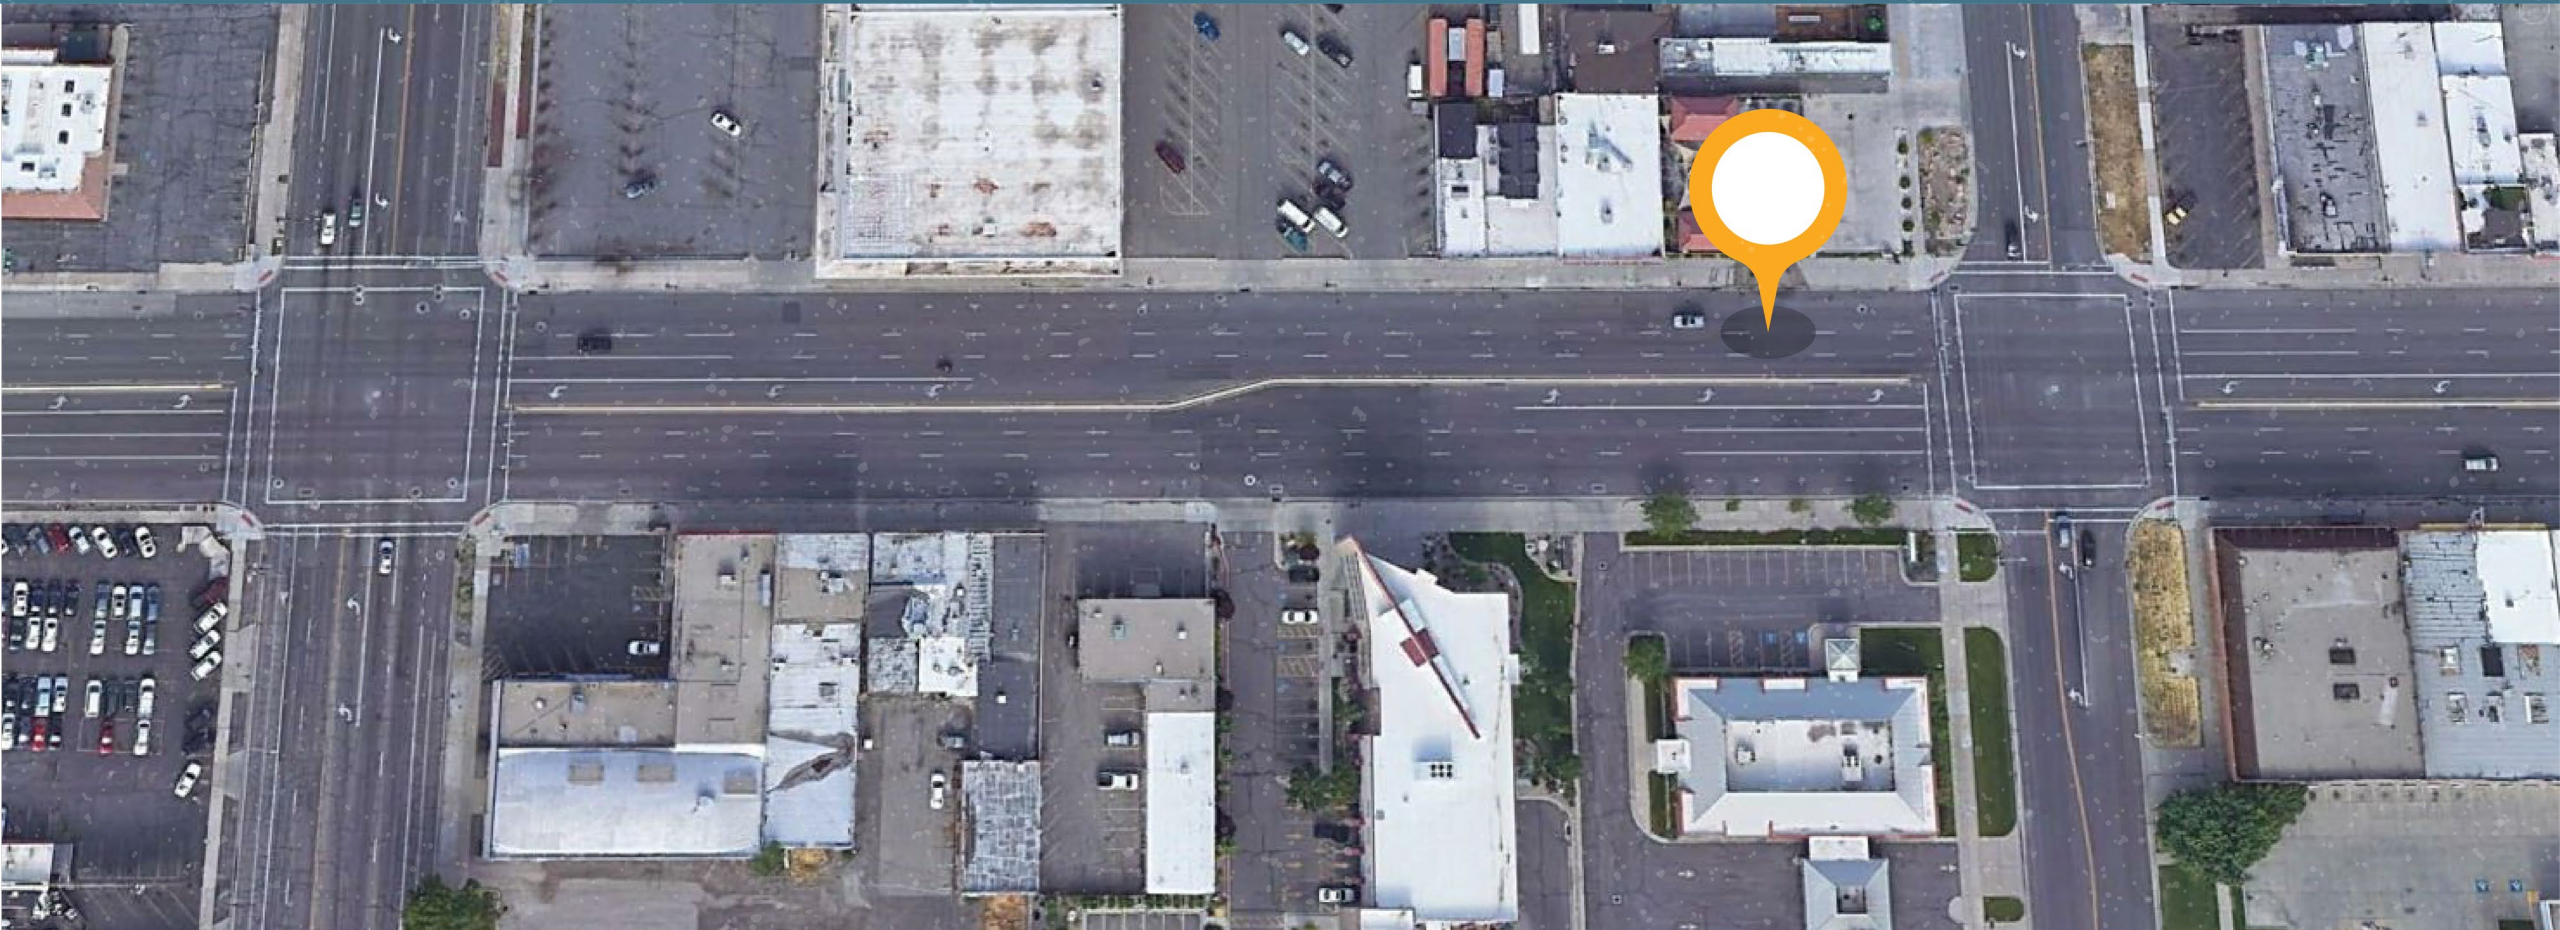

Raised median island for landscaping, and pedestrian crossing refuge.

## PROPOSED IMPROVEMENTS

Reduced travel-lane width to add space for increased pedestrian environment width, and reduce the speed of traffic.
