

YOU ARE INVITED TO HELP IMPROVE 1200 W / 600 N

Join your neighbors to make streets better for everyone!

On October 17th, 2020 join us to transform the corner of 1200 West and 600 North as part of the [City's 600/700 North Mobility, Safety, and Transit Improvements Study](#). This temporary quick-build project will help create a permanent plan to transform this critical Westside Salt Lake City corridor in ways that promote safety, enable mobility for active modes and transit, and better serve the surrounding neighborhoods.

This effort is sponsored by SLC Transportation Division, Ford-owned Spin, and project stakeholders from the Rose Park and Fairpark Community Councils.

WHO

All members of the community!

WHAT

We will be working with the community to use temporary materials to improve public space and create safer crossings for people walking, biking, scooting and rolling.

WHY

One way to study how our streets can change is by using temporary materials that are low-cost and easy to install. Neighbors can provide input on designs for the long-term.

THIS EFFORT IS MADE POSSIBLE THANKS TO SPONSORSHIP AND COLLABORATION WITH OUR FRIENDS AT FORD-OWNED [SPIN](#) AND SLC PARKS.

COMMUNITY EVENTS

Join us for one or both neighborhood improvement activities! Materials will be provided. Please wear a mask.

SATURDAY
OCT 17

COMMUNITY CLEAN-UP

9-11AM, 600 N OVERPASS AT I-15

Rose Park Community Council is leading a volunteer cleanup effort of the area. Lend a hand by meeting on the southwest side of the interchange (look for the shade canopy).

STREET TRANSFORMATION

11AM-3PM, 1200 W / 600 N

Starting at 11AM, volunteers will help paint a mural to create a new community plaza, protected bike lane, and add other improvements to the intersection. Refreshments will be provided for all volunteers.
