

# EARTHQUAKE RECOVERY IN UTAH

## MARCH 2020 MAGNA EARTHQUAKE

As we begin the recovery efforts of the 5.7 earthquake that occurred on March 18, we would like community members to do a visual assessment of their home or business.

### STEPS TO TAKE

- Look for cracks in the foundation
- Look for damage to exterior or interior walls, including cracks, ceiling and floor issues, lighting damage, windows and doors that do not open properly and roof damage
- Take photos to document the damage
- Contact your city if you need assistance

### CONTACT

If you have visible damage and would like to have your home or building inspected, complete the online form.

Complete the online form at:

[Assessment Survey Link](https://arcg.is/40zbe0)  
<https://arcg.is/40zbe0>

**SURVEYS MUST BE COMPLETED BY APRIL 22, 2020**

If you have already had an inspection, email your information to Salt Lake City Building Services at [building.services@slcgov.com](mailto:building.services@slcgov.com).

For questions or problems, you encounter, call (801) 535-7224.

### AMERICAN RED CROSS

With the continuation of aftershocks and the possibility of additional earthquake activity, the Red Cross offers safety tips via their Earthquake Mobile App available for free download at

[Mobile App](#)

Please be aware there is a possibility after inspection residents will potentially need to vacate their homes if a building is found unsafe to occupy.

Anyone needing a place to stay or assistance after the Magna Earthquake, please call the American Red Cross.
